

ROMA, 2022

October 23-31

Welcome

Are you an experienced youth worker or educator wanting to learn new skills in non-formal education?

Are you completely new to ecological and sustainable projects and want to learn about Urban beekeeping?

You have found the right project!

We are looking for motivated and passionate participants from all levels of experience in environmental education to join us for a 7 day training course in Rome!

In this Infopack you will find all the information about our main topics for the week, our timetable, the accommodation and how to travel to our venue.

Aims and Topics

Urban beekeeping is a social activity that can help young people socialize, have an active life in the community, acquire ecological values and develop professional skills.

The project proposes to replicate Api Romane experience in international scale by organizing a **training** course for **18 youth workers** from **6 countries** in order to activate a sustainable, inclusive and pro-active process, characterized by a strong interconnection between youth organizations that want to acquire ecological skills and knowledge about sustainable entrepreneurship that can be applied to their daily work with young people.

The **7 days** course will be hosted in **Rome by Api Romane's** team of experts composed by 2 facilitators and an expert trainer in citizens and young people's training in urban beekeeping.

The project aims to encourage sharing and cultural exchange, including best practices from different countries, analyzing the needs of youth workers and organizations in acquiring eco-sustainable practices for their local and international activities.

Who can participate

- **18+ years old**
- **Working or getting trained to work in the social field (teaching, youth work, working with groups of young people)**
- **Resident in one of the partner countries**
- **Able to speak and understand English at a conversational level**
- **Interested in the project topics and methods (environmental education, urban beekeeping, “bees oriented” workshops, green skills)**
- **Motivated to be active and contribute to the week!**
